RE: Subsurface Investigation and
Geotechnical Recommendations
Centennial Park Golf Course Pro Shop & Cart Storage
Munster, IN
Alt & Witzig Proposal 2204MV001

Dear Mr. Heintz:

In compliance with your recent request, the following proposal is submitted for the Subsurface Investigation for the proposed pro shop and cart storage at the above referenced site.

The purpose of our geotechnical investigation will be to provide information for use in determining the construction difficulties and foundation/slab design for the pro shop and cart storage buildings.

Our subsurface investigation will include the following:

Field Work 5 borings @ 80 ft.*	Lump Sum	$ 10,320.00
Management, Laboratory Testing & Report	Lump Sum	$ 2,250.00

TOTAL ESTIMATED COST.....$12,570.00

**If additional drilling were deemed necessary at time of boring operations, a unit price of $26/foot would be applied below a depth of 80 feet. Within the upper soils an additional fee of $21/foot will apply. Bedrock coring is to be done at a fee of $40/foot with an initial set up fee of $100/core.*

Thank you for this opportunity to offer our services. We look forward to working with you in this project. If you have any questions pertaining to this proposal including scope of work or cost of services, feel free to contact us at your convenience.

Sincerely,
ALT & WITZIG ENGINEERING, INC.

Jason R. Bennett, P.E.

Terms of payment are **Net 30 Days**. Balances over 30 days bear interest at 1-1/2% per month. In the event Alt & Witzig Engineering, Inc. is required to employ an attorney to collect any balances due, I agree to pay reasonable costs and attorney fees.
