

## MEMORANDUM

**TO:** Park Board Members  
**FROM:** Jerry Rosko, Superintendent of Maintenance  
**DATE:** December 5, 2014  
**SUBJECT:** Disc Golf Park

Construction is underway for a Disc Golf Course at a "yet to be named" Town of Munster park at the northwest corner of Hohman Avenue and River Drive.

Disc golf professional, Brian Cummings has been relocating the disc course from its original location that used to be in Community Park. Brian has laid out a nine hole course that follows the curvature of the Little Calumet River between Hohman Avenue and the Indiana/Illinois state line.

All nine baskets have been set in the ground. All nine holes have in-ground 4x4 wooden posts which will be capable of holding signage that shows hole mapping from tee-box to hole basket.

We have dropped off crushed limestone for the formation of the tee-boxes. I have ordered 90 feet of rubber matting to go on top of the crushed limestone. Expenses we have already absorbed include the purchase of the crushed limestone, 12-4x4 posts and concrete mix. Brian Cummings will be billing us for his labor time.

Our future expenses will be the cost of the signs and cost of the rubber matting.

Signage	\$ 729.00
Rubber Matting	\$1,260.00
Labor	<u>To be determined</u>
	\$1,989.00

We should also consider an off-road parking area that could be stone. I have delayed ordering the signage until a decision is made on the park name which should be put on each sign.

## Invoice #001226
