Longevity – General

The Town Council's policy is to award longevity bonus payments to those employees with more than five years of service with the Town. Longevity bonus amounts shall be reviewed by the Town Council every twenty-four months. The Town Council shall determine if the amounts are to be modified, based on budget constraints, market forces, and cost of living since the last adjustment. Payments shall be made in a lump sum, from which shall be withheld all taxes and deductions payable on the last pay date in January of each year. Longevity shall be calculated and paid retroactively for overtime calculations. Longevity payments are based on length of service rendered up to December 31 of the previous fiscal year.

Longevity for Paid-on-Call Fire Personnel

Paid-on-call members of the Fire Department shall be eligible for longevity bonuses based on a pro-rata number of hours worked, on fire department-related activities, when compared to the normal 2,080-hour work year. Employees of the Town, who are members of the Fire Department, shall be also given credit for the hours they respond to fire calls during regular work hours. Re: Gratuity Policy for Centennial Park Catering Events
Date: December 3, 2014

Currently Centennial Park does not have a set gratuity policy as it relates to banquet and catered events. The following tip sharing policy as presented is not intended to be applied to gratuities that are related to daily transactions in The View. While reviewing this proposed policy, it is important to note that certain employees work in preparation or ahead of scheduled events and may not be onsite during the actual event. Nevertheless, they are a critical part of putting the event on.

A “gratuity” is defined in the Indiana Labor Code as a tip, gratuity, or money that has been paid or given to or left for an employee by a patron of a business over and above the actual amount due for services rendered or for goods, good, drink, articles sold or served to patrons. Whether voluntary or mandatory, tip pooling/tip sharing is permitted by restaurant/food service employees as long as:

- Tip pool participants are limited to those employees who contribute to the chain of service bargained for by a patron
- No employer or agent of the employer takes or receives any part of the tips intended for employees;
- The tips are distributed among the pool participants in a fair and reasonable manner.

At the suggestion of the Centennial Park Facilities Manager, The Town is proposing a set percentage split for events. 80% to bartenders and 20% to support staff based on scheduled shift hours. The gratuity would be split proportionally based on total hours worked on the each respective event. Locked tip jars would be placed at a location for cash gratuities, these jars would be emptied throughout the event by either the facility manager or senior event supervisor. Two staff members would count the money in the presence of the security officer if available. Each employee would sign a receipt acknowledging the total event amount. The money would then be distributed to staff and recorded on an approved document that is then signed by staff verifying they have received the documented dollar amount. This document would then be attached to every event order and submitted with payroll for tax purposes. This is the best internal and immediate solution to the problem without adding any additional costs to our clients.

Some events at Centennial Park include a gratuity, other do not and are transaction-based. It was contemplated that perhaps all events could move to the automatically included gratuity. It is the Town’s recommendation that we not switch every event over to an automatic gratuity system. One of the reasons our clients choose Centennial Park is the absence of service fees and

additional gratuity charges that are added on top of fixed fees. Adding this additional expense will put our prices above our competition and hurt our bottom line. This will also not solve the gratuity issue until 2016 as it cannot be changed on any contract already signed and in place.

Catering events will share the same split percentage as long as additional staff is scheduled and contributes to the chain of services rendered to the client. This would apply to employees who may not work the actual day of the event, but have contributed services that are in preparation of a scheduled event prior to the event date. This would not include employees whose job tasks are only office oriented, but work scheduled shifts that coincide with an event. Almost all catering events are paid ahead of time via credit card or check and are dispersed through payroll.

Recommendation: To approve the tip sharing policy as stated above, without adding an automatic gratuity charge to all events.
