Re: Frank H. Hammond Park Volleyball Court/Tennis Hitting Area

When the repair and replacement schedule was first created last year, the Frank H. Hammond Park Volleyball Court and Tennis hitting area was labeled as a top priority. Years of deferred maintenance contributed to a state of disrepair to the point that it had to be completely rebuilt. Staff is pleased to announce that the construction is now complete and that the end product is even better than anticipated. Enclosed in the board report is a before and after pictorial of the project.
