RE: Town of Munster  
Forest/Hohman Alley Sanitary Sewer  
Replacement  
SEH No. MUNST 149660

Mr. Dustin Anderson, Town Manager  
Town of Munster  
1005 Ridge Road  
Munster, IN 46321

Dear Mr. Anderson:

At the Town's request, SEH solicited quotes to remove and replace a section of failing sanitary sewer between two manholes in the alley between Forest Avenue and Hohman Avenue north of Broadmoor Avenue.

The Town solicited quotes for the work from three (3) contractors: Gatlin Plumbing, Grimmer Construction, and Hasse Construction. On Wednesday, October 9, 2019, three (3) quotes were received via email. The quotes were as follows:

Grimmer	\$136,750
Hasse	\$106,000
Gatlin	\$82,000

All three quotes were accompanied by a bid bond in the amount of ten (10) percent of the contract price. The Engineer's estimate for the project is \$92,750.

Our recommendation is to award the project to Gatlin Plumbing. In our opinion Gatlin Plumbing is fully capable of performing the required work for this project. Please note that this recommendation is subject to the review and opinion of the Town Attorney.

We hope this analysis of the quotes is adequate for your needs. Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

Jill E. DiTommaso  
Graduate Engineer
