Comment 1: 2263 had just cleared from a call on the north side 5 minutes prior to this call toning. This call also was on the south side of town. Traffic and distance contributed to delay

Comment 2: ERV was not posted in proper spot due to crew error. Crew member has been spoken to and this issue will not occur again

Comment 3: ERV was on scene at 05:02:51 but patient contact was delayed due to door to residence being locked. Caller didn't advise a key was in a lock box in rear of residence until 05:06:33

Comment 4: ERV was responding from having been at another call. 2261 responding from the other side of town. Traffic and distance contributed to delay

Comment 5: Both ERV and ambulance responding from base. ERV was still conducting her rig check and ambulances and just had shift change

Comment 6: 3rd Munster call that was ongoing and ERV and 2261 both responded from having cleared other calls

Comment 7: Distance. Call was far southeast side of town

Comment 8: ERV was staging at 18:34:62. Psychiatric call and crews had to wait for PD to ensure scene safe

Comment 9: ERV and 2261 already on another call. This call toned 2 minutes after. This was also a call at Hartsfield which delayed patient side due to walking through nursing home

Comment 10: ERV was responding from Highland after switching back into designated vehicle. Ambulance responded from normal spot, but encountered a distance delay due to call being on far central east side of town. ERV made patient contact just under 6 minutes

Comment 11: all Munster units were on a call at the time of dispatch. 2261 cleared after 3 minutes and disregarded 1964 since they were still closer

Comment 12: Due to nature of call, had to wait for PD to ensure scene safe before going on scene

Comment 13: Centennial Park location, crew had to locate patient

Comment 14: ERV had just completed shift change. Traffic and distance contributed to delay
