RE: Town of Munster
Alley Repaving Project
SEH No. MUNST 152422
Final Application for Payment

Mr. Dustin Anderson
Town Manager
Town of Munster
1005 Ridge Road
Munster, IN 46321

Dear Dustin:

Walsh & Kelly, Inc. has completed the Alley Repaving project in the northwest part of town. As you recall, the project consisted of paving three residential alleys and one commercial alley with permeable asphalt. Part of the construction cost was funded through a Community Development Block Grant. Attached please find two invoices: the first is for the work completed less the CDBG payment and 10% retainage in the amount of \$129,762.67. This application for payment was previously approved with Change Order No. 1 for the project. The second invoice and accompanying Final Application for Payment is for the release of retainage on the project in the amount of \$25,941.64.

SEH recommends that the final payment application/release of retainage be approved. Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Jill E. DiTommaso".

Jill E. DiTommaso, PE
Engineer
