### Recommendations for 2022 Pool Season

- Keep clothes out of the pool – we will increase signage around the pool consisting of posters and ground stickers.

- Add admission person outside gate – check bags/coolers for food, drinks and glass. They will also enforce swimsuit materials also. Water cooler will be available in concession area for bottle refills.
- At the admission gate – patrons will be required to print, date and time stamp a sheet that states no street clothes allowed in the pool. This way we can gauge time frame they are there to enforce no refunds due to swim materials.
- Slide requirements increase from 42" to 48" – both red and blue slide.
- If a child is saved more than 2 times in 1 day, that child will be given a wristband from the pool manager to stay in the zero depth area. If they are saved again, they are asked to leave with no refund and/or remain out of the water.
- If we can, we would like to install 2 cameras.
  - 1 existing that views from concession stand area out over pool and deck.
    - Existing camera has not been active for many years.
  - 1 new that views from pump house out over pool and deck.
