EXHIBIT E
ORDINANCE 1890

Police Department Take-Home Vehicles and Stipend

All employees provided allowances, or the use of Town-owned vehicles are subject to reporting requirements, taxes, and other deductions as established by law.

Police officers at the rank of Chief and Lieutenant will be granted the use of a take-home vehicle as permitted in IC 36-8-4-3. Only the Police Chief shall be granted unlimited personal use of a take-home vehicle.

Police officers at or above the rank of First-Class Officer or below the rank of Lieutenant will receive an annual stipend of \$5,000.00 to be paid in quarterly installments. If a sworn officer is promoted to an eligible rank during the course of the year, that officer will receive the eligible prospective per-diem equivalent of the stipend in the next quarterly installment. If an eligible officer separates from the organization voluntarily during the course of the year, that officer will receive the eligible per-diem equivalent of the stipend payable at the time of the next quarterly installment.

If an officer is assigned to a K-9 unit, the officer is authorized the take-home use of the K-9 vehicle for purposes of transporting the dog or transportation to and from work or meetings, and the officer is deemed eligible to receive the annual stipend.

If a member of the Police Department Administration is required to take home a vehicle for purposes of responding directly to scenes and meetings, these employees are permitted the personal use of the take home vehicle within the boundaries as established by State Law IC 36-8-4.5-4 Residence Requirements for Police without any required reimbursements and supersedes any and all previous Vehicle Policies regarding the Police Department.

Ordinance 1848 states, in part, a Munster police officer who serves as an Assistant Commander in Charge of Operations of the Northwest Indiana Regional SWAT is granted the use of a take-home vehicle in order to transport specialized equipment, weapons, and explosives for which he or she is responsible for by that organization. See Ordinance 1848 for more information including the requirement for an annual evaluation to determine necessity and eligibility.

EXHIBIT F

ORDINANCE 1890

Understanding of Elected Officials' Compensation

The Statute:

IC 36-5-3-2 Compensation for officers and employees; fixing of annual compensation; determining increases or decreases in compensation

Sec. 2. (a) As used in this section, "compensation" means the total of all money paid to an elected town officer for performing duties as a town officer, regardless of the source of funds from which the money is paid. The term includes all employee benefits paid to an elected town officer, including life insurance, health insurance, disability insurance, retirement benefits, and pension benefits. For purposes of determining an increase or decrease in compensation of an elected town officer, the term does not include any of the following:

- (1) Payment of an insurance premium.
- (2) Payments in recognition of:
 - (A) longevity;
 - (B) professional certifications; or
 - (C) educational advancements;that are separately identified on a salary ordinance or resolution.
- (3) Payment of a stipend or per diem allowed by statute.
- (4) A payment authorized under subsection (d).

(b) The town legislative body shall, by ordinance, fix the compensation of its own members, the town clerk-treasurer, and the town marshal. An ordinance adopted under this subsection that fixes the annual compensation of an elected town officer shall provide for an annual, monthly, or biweekly salary schedule. An elected town officer is not required to report hours worked and may not be compensated based on the number of hours worked. The legislative body shall provide reasonable compensation for other town officers and employees.

(c) The compensation of an elected town officer may not be changed in the year for which it is fixed, nor may it be reduced below the amount fixed for the previous year.

(d) The legislative body may provide that town officers (including elected town officers) and employees receive additional compensation for services that:

- (1) are performed for the town;
- (2) are not governmental in nature; and
- (3) are connected with the operation of a municipally owned utility or function.

Subject to the approval of the legislative body, the administrative agency operating the utility or function shall fix the amount of the additional compensation, which shall be paid from the revenues of the utility or function.

[Pre-Local Government Recodification Citations: Part new; 18-3-1-34.]

As added by Acts 1980, P.L.212, SEC.4. Amended by Acts 1981, P.L.17, SEC.26; P.L.351-1983, SEC.1; P.L.15-1993, SEC.4; P.L.209-2019, SEC.15.

The Employee Manual:

From the *Town of Munster Employee Manual*, March 2018, Chapter 3.3 Leave, Section 4A: "Regular Full time and Part-time employees whose normal work week is twenty-four (24) hours or more shall be able to utilize vacation."

From the *Town of Munster Employee Manual*, March 2018, Chapter 3.3 Leave, Section 4E Vacation Leave Accumulation: "Vacation leave shall be earned on a daily basis. A vacation account shall be kept on each employee

with bi-weekly deposits and deductions when leave is taken. The maximum vacation accrual allowed is two (2) times an employee's annual rate of accrual. Accumulation in excess of this is addressed in Pay-in-Lieu-of-Leave."

From the *Town of Munster Employee Manual*, March 2018, Chapter 3.3 Leave, Section 4F Pay-In-Lieu-of-Leave: "Vacation accrued in excess of twice an employee's annual accrual shall be paid out at the employee's current hourly rate. The vacation accrual adjustment will take place twice annually. The first adjustment will take place on the first paycheck in January. The second adjustment will be on the first paycheck in July. An employee may request payment of accrued vacation leave to cover family financial emergencies. The employee must submit a request in writing to the Town Manager. The Town Manager may approve such a request and authorize the payment for the next regular payroll. In addition, an employee may use their vacation or compensation time for the use of employees who qualify for emergency leave. No other additional salary shall be paid to an employee in lieu-of-vacation."

Understanding:

Members of the Munster Town Council are elected officers and are not "regular full-time or part-time employees whose normal work-week is twenty-four hours or more." As such, members of the Munster Town Council are not eligible to receive Town-provided medical, dental, vision care, or long-term disability insurance; vacation allowance or payment in-lieu-of-vacation; sick leave; or payments in recognition of longevity, professional certifications, or educational advancements. Members of the Munster Town Council are eligible to receive a biweekly salary defined in the annual salary ordinance; employer contributions to a retirement plan; mileage reimbursement for use of a personal vehicle on Town business, but not commuting to/from home; per diem allowance for travel on Town business; life insurance premiums; and Park Department discounts defined in the annual salary ordinance.

The Clerk-Treasurer is both an elected officer and a regular full-time employee. In addition to the biweekly salary defined in the annual salary ordinance, the Clerk-Treasurer is eligible to receive Town-provided medical, dental, vision care, life, and long-term disability insurance; employer contributions to a retirement plan; mileage reimbursement for use of a personal vehicle on Town business, but not commuting to/from home; per diem allowance for travel on Town business; Park Department discounts defined in the annual salary ordinance; and payments in recognition of professional certifications or educational advancements as defined in the annual salary ordinance. Although the Clerk-Treasurer is not required to report hours worked, if the Clerk-Treasurer voluntarily reports hours worked in the same manner as other regular full-time employees, then the Clerk-Treasurer will also be eligible to receive vacation allowance or payment in-lieu-of-vacation; sick leave; and payments in recognition of longevity.

Exhibit G to Ordinance 1890
Clarifying Language for Implementation of
the 2023 Salary Ordinance

Positions listed on Exhibit A: *Pay Ranges for Classified Employees, Grades 12 through 18* will be paid at least the minimum amount listed on the matrix and no more than the maximum amount listed.

The following applies to all positions listed on Exhibit A: *Pay Ranges for Classified Employees, Grades 6 through 11* and Exhibit B: *Pay Step and Grade for Sworn Police Officers*.

1. Movement from one step to the next is based on years of service *in the position*.
2. New employees who are not sworn officers may begin at step 1, 2, or 3 of their grade. Employees do not move beyond step 3 until the start of their 6th year.
3. Probationary, 2nd Class, and 1st Class Police Officers are each considered a different position, and an employee can be hired in at whichever he or she qualifies for based on State of Indiana and Departmental regulations.
4. If a cost-of-living increase is given, all employees will receive it at the same time regardless of time in position.
5. Pay rates must be at one of the defined steps of the pay matrix with exception of Item 6.
6. As the new steps are implemented, some employees will not be eligible for a wage increase and the wages of some of these employees will be at or above their step of the current pay grade for their position. Employees in this situation will not suffer reductions in pay. However, they shall not be eligible for an increase in their current base wage until subsequent adjustments to the pay scale or their years of service cause their salary or hourly wages to fall within the range for their job grade. At times in the past, employees in this situation were eligible for an annual percentage lump-sum payment based on any approved cost-of-living adjustment.
7. One of the primary goals of the Step and Longevity system is to create equity within the individual grades and between the various grades. It is known that there are instances where the new system does not correct an inequitable situation. Others could be discovered during the implementation period of the new system. In these cases, a "true-up" will be made to correct the inequity. Any true-up amount will be determined jointly between the Town Manager and the Clerk-Treasurer. No true-up amount will exceed \$4,000.00 annually. (The annual amount will be calculated by multiplying the hourly amount of the true-up by 2,080 hours. For example, if an employee is due 50¢ to move onto the correct step but also receives \$1.00 as a true-up, the annual amount is \$2,080 for purposes of this calculation.) Employees receiving a true-up increase may be paid a wage not on a defined step. True-up amounts increase the base wage and will be effective the second payroll of January 2023. Employees in this situation will be subject to Item 6 for any wage increases after the initial true-up.
