**2000-2003** Co-Director Purdue Lake County Coop Extension  
Director Stan Simms

**Key Skills**

Tree Diagnostics in Disease, Insects, Decay  
Planting Projects  
Grant Writing  
Appraisals

- i. Immediately on EMERGENCY PRIORITY basis...due to Hazardous Condition.
- ii. ASAP due to over 50% dead (or likely to reach that within 2 years) but no immediate danger expected.

5. **OTHER SERVICES** = Occasionally the Town may enlist consulting services of the Arborist to help recommend or coordinate tree/vegetation plantings and/or review planting plans around Town facilities, sign entrances, Park facilities or other green spaces. Arborist may also be asked to research and/or apply for Grants and/or to teach/train Public Works crew or Town volunteers with pruning, species identification or landscaping. Should any written or community education or in-court legal support services be requested, Arborist will have opportunity to submit a separate fee proposal.
6. **SERVICES NOT NEEDED** = The Town reserves the right to utilize its Public Works Department to conduct its own tree inspections without voiding the contract service arrangement with the Arborist. This is typically done where time is of the essence and a removal decision is presumed or obvious and/or where necessary to maintain citizen goodwill or in response to:
- storm damage
  - citizen complaints suggestive of an immediate hazard
  - potentially litigious circumstances requiring swift action to resolve a hazardous tree
  - trees or tree roots interfering with: street construction/repair projects, watermain break repairs or sidewalk replacement.

#### OTHER REQUIREMENTS

1) Confirm that you are an Arborist or Forester...cite your training/experience/certifications/affiliations/# of employees in your company. Since this work requires special expertise, the Town intends to hire an Arborist that derives the majority of its annual income from arboricultural work and whose employees are highly trained and skilled in all phases of tree inspection. Please provide any company background info/pamphlet and/or references to support your REQUEST FOR QUOTE.

2) Indicate willingness to bill the Town of Munster monthly or every other month for inspections performed.

3) As indicated in PROCESS Step #3, provide 2 Quotes on Arborist letterhead, containing the following:

- Provide a separate price per tree inspection = \$ 250.00
- Provide a separate hourly price for consultation services =
  - Less Than 3 Hours: \$200/hr
  - More than 3 hours: \$175/hr
