

Memo

To: Munster Town Council

From: Lt. Dan Broelmann

Date: August 7, 2023

Re: Squad Car Purchasing

I am requesting the Munster Town Council authorize the purchasing process for four vehicles, two (2) Ford Interceptor AWD vehicles to be used for the patrol division and administration and two (2) Ford F150 for the administration of the Munster Police department. I will be using the statewide QPA program and will go through Bloomington Ford once again. Once I get all the quotes and trade in values for the four (4) vehicles we are replacing, I will let the council know the specific costs and the lease purchase payments for all of the cars and equipment.

Recommendation

By motion and voice vote, authorize the Police Department to open the purchasing process for new police vehicles.
