Re: Terrace Drive Landscaping

Background

On September 5, 2024, Resolution 2138 was passed by the Town Council to permanently close Terrace Drive at State Line. Staff and officials of the neighboring community, Lansing, Illinois agreed it was in the best interest of the community to permanently close.

Methodology

A request for proposals was emailed to three landscapers for a raised landscaping bed with trees, grasses and perennials to be constructed at Terrace Drive and State Line. This would not only provide a permanent barrier to traffic but also would be attractive to the neighborhood. This project is to be completed before the year end.
