Subject: amendment to NIPSCO agreement #38818

To complete the Bridges over Ditches project, NIPSCO is requiring an amendment to the 'license for jogging, hiking and bicycle trail' on their property. The attached amendment defines that permission to cross over both ditches and to run south to Martha Street in a second NIPSCO corridor.

Recommendation:

Staff recommends approving the first amendment to license for jogging, hiking and bicycle trail as proposed which shows the NIPSCO license # NSL 38818-A1.
