TRATTINO™

Unique textural aesthetic of travertine

Trattino is pre-finished architectural masonry that offers a natural travertine aesthetic with the added benefits of manufactured stone. Available in both full-depth veneer and structural units, the subtle irregular organic texture adds charm and visual interest to any project.

TRENDSTONE®

Durability, with a vibrant ground stone look

Trendstone goes beyond standard ground face concrete masonry by applying a clear satin gloss acrylic to the exposed face of each concrete masonry unit.

This process accentuates the natural beauty of the aggregates and provide moisture resistance for added durability. Also available as a full depth veneer.

TRENDSTONE PLUS®

Taking the ground face aesthetic to greater heights

Trendstone Plus ground face masonry units take our Trendstone line to the next level by filling and polishing the exposed faces to a smooth terrazzo finish. Pre-finished and integrally colored, these concrete masonry units offer stunning aesthetics, one-step installation, and a maintenance-free finish that is easy to clean. Also available as a full depth veneer.

VERASTONE®

Textural ground-face aesthetics paired with peak sustainability

Verastone recycled concrete blocks are colored, pre-finished architectural blocks with one or more faces ground to show the varied colors of the natural aggregates. During production, a clear satin gloss acrylic is applied to the exposed faces to accentuate the natural beauty of the aggregates and enhance moisture resistance. Also available as a full depth veneer.

VERASTONE® PLUS

Taking sustainable design to a polished level

Verastone Plus is a high-performance masonry containing recycled material that can contribute toward LEED goals. These concrete masonry units feature a distinctive ground face with a filled and polished terrazzo finish that showcases the beauty of the natural aggregates. Also available as a full depth veneer.

A graphic design featuring the Echelon Masonry logo on the left, which consists of a stylized 'E' made of stacked blocks in white and gold. To the right of the logo, the words "ARCHITECTURAL CMU" are written in a small, light-colored font. Below that, the words "STRUCTURAL BRICK" are written in a large, white, sans-serif font. The background is dark.

QUIK-BRIK® TRADITIONAL

Classic brick aesthetics in a single-wythe package

Quik-Brik is a durable and efficient structural masonry option that offers the rich look of brick in a variety of shades. With nationally available color options, Quik-Brik is the ideal choice for retailers who demand consistency nationwide. Physical performance, usability, and cost effectiveness have earned Quik-Brik its unrivaled reputation among architects and contractors alike.
