

## MEMO

TO: President Mellon and Members of Council

FROM: Dustin Anderson, Town Manager

SUBJECT: 45<sup>th</sup> Street Grade Separation and Intersection Realignment Change Order

DATE: December 7, 2020

---

### **Background**

The original design of the underpass included architectural stain on the t-wall face with an anti-graffiti application on the smooth underpass walls.

The finished product would have looked like this:

As the stain was applied to the t-walls it became apparent that the original concept of leaving the underpass walls blank would not deliver a final product that would be aesthetically acceptable.

The contractor was directed to apply stain. The results are a distinct improvement, as you can see below:

The total cost of this application is \$13,276.25. The anti-graffiti coat will be applied over this stain at a future date.

There are sufficient funds in 47191501-64490 to accommodate this invoice.

**Recommendation**

Approve Change Order No. 018 for INDOT Contract B-36229 in of \$13,276.25.
