Re: Use Agreement forms

After a few rentals and additional rental inquiries this summer, there was a need to put together a formal use agreement form to clarify terms and conditions for use of the Munster Community Park Pool and the Munster Community Park Social Center.

After discussion and review with Attorney David Wickland, we are presenting the attached two use agreements to define the terms and conditions of use of each of those two facilities. Attorney Wickland offers that these documents, and the legal language within, protects the Town.

Staff recommends you approve the user agreement terms and conditions for the Pool and the Social Center facilities as presented.
