Re: Utility Vehicle purchase for Community Park

---

The Town of Munster is seeking to replace the utility vehicle at Community Park this year. Vehicle #103, a 2008 Yamaha G234Max was scheduled to be replaced in 2020. This anticipated expenditure was included in the Town's 2021 G.O. bond and budgeted for \$25,000.

A proposal was received from the Sourcewell cooperative purchasing program which meets the requirements for competitive bidding. The item would be purchased directly from Deere & Company but would be delivered from Castongia Tractor in Crown Point, Indiana.

**Recommendation:**

Staff is recommending the acceptance of the proposal with a quote ID # 25984207 from Deere & Company to be delivered by Castongia Tractor for the purchase of a new utility vehicle for Community Park at a total cost of \$14,525.82 after trade-in allowance.
