### Event Overview

Walk in the Woods took the place at Heritage Park.

Walk in the Woods had a great turnout even with beautiful weather. Over 150 pumpkins were carved by local groups, businesses, and residents. All pumpkins were dropped to Heritage Park, where we then placed them around the trail. Maintenance did a wonderful job of cleaning the trail and leaving us some extra stumps to place Jack-o-lanterns on.

A huge thank you to Elzinga for all the pumpkins and for delivering them to us. Food Vendor was the Historical Society. Volunteers from MVP/NHS service groups.

Positive feedback was communicated to staff.

Feedback to Staff: "I love looking at all the different carved pumpkins, it's so cool and such a fun night out", "Thank you for doing something fun for the younger kids.", "Such a nicely planned event."
