## Meet Donna Ogorzalek, Tennis Director

My father introduced me to tennis when I was 10 years old. I am fortunate that my father saw my potential. I will never forget the times we spent together. As a teenager I was a on the tennis team for Eisenhower High School for 4 years. During summer break I also took lessons from my local park district and had private lessons. I carried this love for tennis to my daughter and grandchildren and hope that they will always remember the good times we had together. Now that I am retired I can now pursue my true passion. My goal is to continue this love for tennis and to help future generations experience the same love and passion as I did when I was young. "Champions keep playing until they get it right." A quote from Billy Jean King.

## Lightning Warning System

Munster Parks and Recreation uses a lightning warning system in our parks. The signal is activated by threatening weather. You will hear an audible siren horn and see a flashing light on top of the device (typically located on shelter roofs) in the park. When the warning signal activates, all patrons must SEEK SHELTER IMMEDIATELY. Once you hear three horn signals, park activities can resume. This system is not fail-proof. Take shelter immediately when lightning threatens even if a signal has not sounded.

Active between  
April 1 and Nov. 30 annually.
