RE: Cell riser pump replacement project.

**Field Proposal #25-1163 Rev-1**

HD Mechanical Inc. is pleased to submit its Lump Sum proposal to supply labor, supervision for the above-mentioned project.

Our scope of work includes the following items:

1. **HD/Austgen** proposes to LOTO all associated equipment with operations prior to start of work with scope to include the following.
  1. **Provide (6) Six new vertical cell riser pumps.**
  2. **Panel & install (5) but Procurement of (6) Six new 0-5psi level transducers.**
  3. **Provide & install new break out boxes with seal off fittings for pumps and transducer cables.**
  4. **Provide new conduit & wire from control panels to 18" header extensions at (2) cells**
  5. **Hook up all necessary existing wiring from cell risers to control panels.**
  6. **Necessary seal off fittings to keep gas out of control panel and electrical panels.**
2. Supply (2) electricians to complete all electrical work at panels and make operational.
3. Fabricate & install new 18" stainless steel riser extensions and pit less connections are included.
4. Provide labor and materials for the fabrication and installation of (2) N&S rolled containment sleeves, each measuring 49 inches in diameter. Each sleeve will feature removable lids and a hinged access door, all constructed from 304 stainless steel. (Break out for this work is \$8,875.00 included in proposal)
5. Perform the necessary modifications to the existing fiberglass tanks to facilitate the installation of the new sleeves and lids.
6. All piping, fittings and bolt-ups (B&G) are included with field verification & measurements included for as built drawings supplied.
7. Any material or labor that is needed in addition to what has been budgeted, will be completed on T&M basis.
8. We have based proposal on 8-hour days shifts during normal working hours for 3 men & operator each day. (Premium-time & holidays excluded)

The following items are not included:

- Sales or use taxes, permits or fees.
- NDT Testing, sump evacuation or equipment for leachate transfer.
- Vac Truck, Civil or Insulation work is by others.

**Our Lump Sum Proposal for (6) Cell Riser Pump Procurement & (5) Replacement project is \$177,710.00 (One hundred seventy-seven thousand seven hundred and ten dollars and zero cents). This price is for all pumps, piping & electrical.**

Thank you for the opportunity to submit our proposal and look forward to serving you better.

Respectfully,  
**HD MECHANICAL, INC.**
