

**To:** President and Members of Town Council  
**From:** Staff of Public Works  
**Meeting:** September 15, 2025  
**Re:** Fountain Winter Removal, Routine Maintenance, Storage & Installation for 2025/26

---

**Background:**

The Town has utilized Aquatic Control since 2000 for fountain maintenance and consolidated its Lake/Pond/Ditch maintenance and its fountain maintenance contracts under the same vendor, Aquatic Control since March 2018. The renewal for the Fountain Winter Maintenance contract is due and includes the following 19 Lake/Pond locations:

**RESIDENTIAL SUBDIVISIONS**

West Lakes Subdivision	7 fountains
White Oak Estates Subdivision	7 fountains
White Oak Woods	1 fountain
<u>Community Estates</u>	<u>2 fountains</u>
Total	17 fountains = \$8,218

**PARKS**

Centennial Park (Maynard Lake)	2 fountains = \$850
--------------------------------	---------------------

**Methodology:**

The Fountain Maintenance contract covers 19 fountains listed above providing 2025/26 winter removal & storage, with routine fountain maintenance (not including light bulb replacement or additional a-la-carte repairs) and re-installation in the spring of 2026. There are 2 quotations; one for the Parks Department (2 fountains) at \$850 and the other for the Public Works Department (17 fountains) at \$8,218.

**Recommendation:**

The Town Council by motion and roll call vote to approve two Aquatic Control proposals dated 9/4/2025 for 2025 fountain winter removal, maintenance, and storage and 2026 Spring installation in the amounts of \$850 for Quotation #431994 and in the amount of \$8,218 for Quotation #431995.
