Re: ADA Transition Plan Update

In 2012, Council adopted an ADA Transition Plan outlining steps the Town would take to ensure Town facilities, services, programs, and events will be accessible to persons with disabilities. As a recipient of federal funding, the Town is required to maintain this transition plan and update it annually.

The current plan must be reviewed and updated by year-end. This has been done and the 2026 ADA Transition Plan is presented for approval.

RECOMMENDED ACTION:

By motion and voice vote, approve the amended 2026 ADA Transition Plan.
