Memo

To: Board of Safety President and Members
From: Chief Mark Hajduk
Date: December 2, 2025
Re: Lieutenant List

I am requesting that the Board of Safety certify the Lieutenants ranking list of the top 4 personnel that applied for a term of 2 years.

Deputy Chief Strbjak, Battalion Chiefs Kevin Nowaczyk and Mike Harrigan, conducted interviews with the seven (7) applicants who applied for the position and ranked them from 1 to 7. I have reviewed all the questions and answers that the candidates were asked and agreed with their rankings. The top four (4) are listed in the attached file.

The above was performed within the promotion rule for the Munster Fire Department (P-1112) which is attached.

Recommendation

By voice vote,

Certify the attached promotion eligibility list of the top four (4) applicants for Lieutenant for a term of 2 years.

LIEUTENANT APPLICANTS

December 2025

Applicants:

Addison Bryce
Andrew Giordano
Lucas Groszewski
Andrew Horberg
Ken Keilman, Jr.
Adam Wallace
Dan Zgobica

The top 4 applicant list is as follows:

1. Adam Wallace
2. Ken Keilman, Jr.
3. Lucas Groszewski
4. Dan Zgobica

Memo

To: Munster Board of Safety

From: Deputy Chief of Police Daymon Johnston ^{SS}

Date: February 17, 2026

Re: Tow Service Providers for 2026-2027

The Chief of Police and the Munster Board of Safety must designate towing companies to provide towing services for the Munster Police Department per Municipal Code 54-71(d) Authorized Towing Contactors and Garage Keepers. This is done every two (2) years with the last list expiring December 31, 2025.

Technical Support Specialist/Accreditation Manager Craig Corie completed an inspection of each tow service provider currently on the list, as well as those expressing an interest to be added as a provider. Those results are attached. Mr. Corie also analyzed calls for service data and determined the current number of tow service providers at four (4) allows for equal distribution among each provider. If the current providers are increased to five (5), the number of tows provided to each vendor will decrease by as much as 20% based on the current tow volume. Once approved the new list will expire on December 31, 2027.

Recommendation

By motion and voice vote, authorize the Munster Police Department to retain the current list of Tow Service Providers (Bert's Towing, Double T Towing, Ray & Wally's Towing, and Stan's Towing) for 2026 & 2027.

Munster Police Department Tow Service Provider Inspection Report

The following procedures will be followed when adding or removing towing service providers from the Munster Police Department authorized roster. The Chief of Police and the Town of Munster Board of Safety Commissioners will designate towing services to tow for the Munster Police Department per Municipal Code 54-71(d) Authorized towing contactors and garage keepers. If more than one service is authorized to tow for the Town of Munster, a rotation schedule will be implemented. The Town of Munster will have a maximum of five (5) Tow Service Providers on the rotation list determined by the Safety Board. The safety board will determine the top five (5) Tow Service Providers by taking into consideration history with the department, years of service, any negative interactions or suspensions from the list, and business reputation. This Tow Service Provider list will be active for 2 years.

The Tow Service Provider list delivered prompt and professional services for the Munster Police Department, Town of Munster, and citizens. There were no outstanding issues or problems. I did request for applications this year and performed inspections on the four current companies as well as two other companies. There is no cause to remove any of the current companies on the list nor a need to increase the list as the companies are each sufficiently handled approximately 347 tow requests for calendar year 2025, and 335 tows for 2024 and 2023. Adding another company would not add to the services in my opinion and would greatly reduce the number of tows (by 20% or more) for each of the current companies.

<u>Top 4 Recommended Tow Service Providers</u>
Bert's Towing Double T Stan's Towing Ray & Wally's
<u>Rest of Tow Service Providers</u>
McCoy & Sons (Lot security concerns and tight/minimal inside storage)
Bulldog Recovery (the outside storage lot, who is handling the front office, application paperwork issues and inside storage were concerns – They pulled their application and will reapply in future)

Company	Miles from Town Hall	#'s of Locations	# Outside Storage	# Inside Storage	# Small or Flatbed	# Medium/ Heavy Duty	Total # Vehicles	Semi Towing	Rent/Own	Location

This table is a quick overview of the tow service providers who are and are requesting to be on our list. This should provide a quick snapshot of the resources available for each company.

Tow List Participants	2025 Tows Only	Percentage of tows	2024 Tows Only	Percentage of tows	2023 Tows Only	Percentage of tows
Bert's (Current)	85	25%	79	24%	84	25%
Double T (Current)	96	25%	83	25%	87	26%
Ray & Wally (current)	80	23%	83	25%	79	24%
Stans (Current)	86	27%	90	26%	85	25%
Bull Dog (NEW)	0	0.00%	0	0.00%	0	0.00%
McCoy and Sons (NEW)	0	0.00%	0	0.00%	0	0.00%
TOTALS	347	100%	335	100%	335	100%

The table above is taken from our RMS system that gives us all the tows provided by these towing companies between 1/1/23 to 12/31/25. I also figured out the percentage of tows each company performed during these times. Reviewing the data, each tow company has approximately 25% of the tows. Bull Dog and McCoy & Son do not currently tow for us and we do not have Munster data for them. Also, upon reviewing the past three years tows, the town had almost the same number of tows each year with very minimal increase in tows.

Bert's Towing

Has a lot of resources and vehicle types. Bert's has a newer facility (built in late 2022 early 2023) with inside and outside storage on their property. They also built a big inside storage location for their fleet of trucks, which also has ample space for inside storage for tows if needed. There are no known issues with this company and they are near town. Adequate camera coverage and property fencing was observed.

Double T Towing

Large property with lots of resources and types of vehicles. They have a fairly new storage building/location. Very professional looking and has a great reputation. No known issues with this company and they are near town. Adequate camera coverage and property fencing was observed.

Ray & Wally's

They are in Hammond on Summer St in the same lot with State Auto Body. They have additional trucks at their other locations for immediate use if and when the need is requested. Since our last audit, they have begun sharing their security cameras with the Hammond Police Department for immediate review/access on a 24/7 basis. Ray & Wally's has a good reputation, no known issues, and are near town. Property fencing was observed.

Stan's Towing

Large property with over 20 acres of outside secure storage. They have plenty of resources and vehicle types. No known issues with this company. The inside storage has been recently updated and they recently purchased another heavy-duty tow truck which was shown during the inspection. They have adequate camera coverage and property fencing was observed.

Bull Dog Towing / Recovery

The listed address of the tow lot is a separate location from the tow office. The tow office is McInnis Automotive (1901 US 41, Schererville) who is handling the processing of Bulldogs tow paperwork, was not indicated on any application paperwork. In speaking with McInnis Automotive during a random inspection, they advised Bulldog would be using their outside lot for storage of towed vehicles and McInnis would handle all the administrative paperwork, processing and fees. There was no inside secure storage as indicated on the application. In speaking with McInnis Automotive, the manager stated he was unaware there would be a need for inside storage and also advised they would not be okay with losing inside work bays to accommodate the storage of vehicles as the only inside storage is their actual work bays for McInnis Automotive. During this same spot check, the outside lot gate was left wide open and unlocked, with nobody around. The outside storage lot also has zero camera coverage. The closest person to the separate lot was found to be inside McInnis Automotive, which is over 100+ yards away and across the street. The main business office for Bulldog Towing is also located in Cedar Lake, IN and has another office in Lynwood, IL.

The application process with Bulldog also presented issues with paperwork as they did not indicate anywhere that McInnis Automotive would be involved in their towing process and the location of their outside storage lot was not listed correctly. After discussions with the owner, it was decided that they would pull their application and apply again in the future as they are now talking with another facility to share property with.

McCoy & Sons

McCoy and Son's Towing presented a couple problems while I was investigating. On the west side of the outside storage lot, they do not have a fully fenced lot. The entire property including the lot next them is enclosed in a fence, but there was no fence separating the neighboring lot with McCoy and Son's lot. McCoy and Son's also rents their property and stated that they have a "good relationship" with the neighbor and in the past have needed to leave the neighboring lot separation open during times of road repairs. During the onsite inspection, they showed that the current lot separation method was by placing junk cars and Conex boxes on the west side of the storage lot which acts as a fencing between their lot and the neighboring lot, however gaps were big enough to walk through. They do have an inside storage garage, however that space is limited and could be tight if it became full or used for storage. They do however have security cameras in and around the property and do share their live video with the Hammond Police Department on a 24/7 review/access.
