Date: June 15, 2020

Subject: Defining the Nominating Committee

Ordinance 1794 had first reading at the March 2, 2020 Town Council meeting. If adopted, the ordinance will formalize the Nominating Committee. The Nominating Committee has been in existence and operating under a set of guidelines created in the 1980s. The ordinance will formalize the creation and operation of the Nominating Committee.

Discussion at first reading suggested amending to create greater diversity on the Nominating Committee. Technical corrections were also suggested. No recommendations or corrections have been submitted and the ordinance is presented as it was originally prepared.

RECOMMENDED ACTION

By motion and roll call, adopt Ordinance 1794 on second reading as presented.
