Please mark the appropriate boxes ☒ below:

## **SIDEWALK CONDITION**

- ☐ Trip Hazard - Circle: 1" 2" 3"
- ☐ Buckled / Tilted
- ☐ Sunken / Holds Water
- ☐ Cracked / Pitted

## **RELATED FEATURES**

- ☐ Working underground Sprinkler
- ☐ Wireless Pet Fence
- ☐ Trees within 3 feet of sidewalk
- ☐ Visible Tree Roots next to walks

## **Program Purpose**

This program is for replacement of existing substandard sidewalks, not for provision of new sidewalks.

## **Instructions**

Submit Form Online at [www.munster.org](http://www.munster.org) or to: Munster Public Works at 508 Fisher Street (219) 836-6970

## **Payment / Billing**

Public Works provides the Clerk-Treasurer's Office with an estimate for the work as a basis for the initial bill to the homeowner. The Clerk-Treasurer's Office will bill residents their portion of half the cost with payment options by mail or in person at 1005 Ridge Road and payment plans available on request for any eligible sidewalk replacement. Only upon full payment of the homeowner's 50% match to the Clerk-Treasurer's Office, is the work added to the Scope of Work list to be replaced by the Town's contractor during summer months.

While the initial bill is usually the actual final total, there is potential for additional unanticipated concrete work needed due to unforeseen complications that can result in a subsequent bill, that will be split with the resident.

## **Signature of Resident**

*(signature represents understanding & agreement of initial & secondary bill possibility if extra work required)*
