Description of Work and Daily Itinerary / Notes:

On the job site today at 0500 hrs. to start getting everything ready for the days work. Started setting up my protection boards at 0530 hrs. Job Safety Briefing and Risk Assessment with Walsh Construction, Grimmer Construction and Bullseye Construction at 0700 hrs. Walsh Construction working on doing excavation work at the underpass site. Grimmer Construction working at the intersection of 45th St. and Calumet Ave. and working at the bore site with Bullseye Construction. Bullseye Construction working on getting the bulkhead welded in place and putting in the storm drain pipe in the casing. Everyone is done working for the day and safely off of the property. All of my protection boards are down working for the day at 1800 hrs.
