Re: Purchase New 2022 Front End Wheel Loader for Street Division

Background

On track with our 2022 Capital Improvement Plan, Munster Public Works seeks to purchase one new 2022 “extended reach” Front End Wheel Loader to replace an existing 10-year old Loader (Unit #341 similarly equipped - 2012 CASE 721FXR) in the Street Division fleet, which will be traded in to help reduce costs. This will modernize our industrial fleet with two new Loaders, the other one bought in 2020.

Three quotes have been received for this purchase including two Sourcewell priced quotes. Sourcewell takes the complexity out of the solicitation/bidding process by providing procurement services to governmental units through national contracts with vendors procured through a competitive bidding process that secures the lowest competitive pricing complying with Indiana law I.C. 5-22-10-5. The Town of Munster is a Sourcewell member (ID # 28145).
