**Re:** Selling of Seized vehicle

---

I am requesting the Munster Town Council authorize the selling of a seized 2003 Chevrolet Silverado. The vehicle was seized approximately 13 years ago and has recently started to break down and maintenance costs will be going up. The vehicle was seized through a federal seizure and we now own the vehicle outright and just need permission to sell it.

## Recommendation

By motion and voice vote, authorize the Police Department to sell the 2003 Chevrolet Silverado.
