**Attachments:** Sole Source Letter 2022.pdf

Dave, please send the following instructions to your Accounting Department so they may fill out the credit app and create an account with us for N30 terms. Once completed, we will send the necessary documents to them they'll need from us (W-9, etc).

Please forward this to your Accounting Department to initiate the process.

Please click on the following link: <https://www.cs-nri.com/contact/new-customers/> then choose the **ADVANCED VALVE TECHNOLOGIES – Government or Non-Government** option. It is more of a customer profile sheet that will take 5-8 minutes to complete. Once it is completed, an email will be auto generated and sent to our credit department to advise the credit application in in queue pending review and at that time it is standard to send the Business Fact Sheet, W9 and Remittance information document.

### New Customers - Apply for Credit

If you would like to apply for credit with Critica Infrastructure or one of our business units, please click on one of the following links. Submitting electronically will enable the most efficient processing of application.

**Advanced Valve Technologies Valves - Government - Profile Form**

**Advanced Valve Technologies Valves - Non-Government Credit Application**

**CSNRI Composites - U.S. Credit Application**

**CSNRI Composites - Non-U.S. Credit Application**

**Fyfe Civil Structural Composites - U.S. Credit Application**

**GeoTree Geopolymer Solutions - Credit Application**

**Advanced Valve  
Technologies**
