Re: Memorandum of Understanding with Superior Ambulance

The Munster Police Department wishes to enter into an agreement with Superior Ambulance Services to treat the department's K-9's in the event of injury in the line of duty. The agreement states Superior will provide Advance Life Support and transportation to a designated treatment center based on IC 16-31-13-1. The services performed to transport the K-9 will be the responsibility of the Town of Munster and billed at the rate of \$900.00 per call. The Board of Safety, at their February 15, 2024 meeting, voted unanimously to recommend the Town Council approve the MOU with Superior Ambulance.

Recommendation

Authorize Town Council President Dave Nellans to sign the Memorandum of Understanding with Superior Ambulance Services to supply lifesaving care and transportation to the Munster Police Department's K-9's if required.
